EARNING MONEY FOR A SUMMER TREAT

Summer vacation will be here before you know it! Now is the perfect time to earn some extra money to spend on a treat for yourself this summer.

With their parents' help, the Dollar Dots will be holding a neighborhood bake sale this weekend to earn some extra money.

Danny and Dolly are helping their parents build the bake sale stand. "I can't wait to see how the stand is going to look when it's all put together," said Danny excitedly.

After a few hours of hard work the stand was ready to go! "This is such an awesome bake sale stand! We make such a great team!" exclaimed Dolly.

Back at Darlene's house, Dennis and Darlene were busy helping their parents bake cookies, cupcakes and muffins. Dennis was busy measuring the flour and counting eggs while Darlene was helping her mom frost cupcakes and decorate cookies. "Baking is so much fun!" said Darlene and Dennis.

The bake sale was a huge success! Everyone's hard work paid off and they all had such a great time selling yummy treats. The Dollar Dots were happy about how much money they earned from the bake sale and doing it as a team.

They decided to put the money they earned into their Dollar Dot savings accounts until summer vacation arrives so they can earn dividends on their money and treat themselves to a nice treat this summer!

Cupcakes!

Darlene would like to buy six cupcakes for her and her family.

The cupcakes cost 25 cents each. How much would six cupcakes cost?

Answer: \$1.50
