## Back-to-school saving

Now that summer is over and it's back-to-school time, you should start thinking about saving some money! Whether you're saving for the holidays or just a rainy day, here are some ways you can save the money you earn:

- Deposit part of your allowance into your savings account when you receive it. Then you won't be tempted to spend it all.
- Keep a record of what you spend and save. Have a parent show you how to keep track of your money.
- Make plans to buy something you really want. That will give you a special reason to save.
- Deposit money on a regular basis into your Arizona Federal Dollar Dot account. The sooner you get into the habit, the easier it will be to save!

# DESIGN YOUR OWN JACK O' LANTERN!

Dennis Dot likes to draw his Jack o' Lantern's face on paper before his dad starts to carve the pumpkin. Use the blank pumpkin on the right to design your Jack o' Lantern's face!
